

WELCOME TO AASP

Welcome to AASP Annual Conference 2026, Pakistan's premier gathering of aesthetic, plastic surgery, and anti-aging experts. Taking place from 6th to 8th November 2026 at the Beach Luxury Hotel, Karachi, this landmark event brings together world-renowned surgeons, dermatologists, and aesthetic physicians for an unparalleled exchange of knowledge and innovation. The conference features masterclasses, live surgeries, hands-on workshops, scientific panels, and non-surgical aesthetics sessions, alongside networking opportunities and cultural experiences. Designed to inspire and educate, AASP Annual Conference 2026 sets the stage for shaping the future of aesthetics in Pakistan and beyond.

OUR MISSION

At AASP, our mission is simple: to bring the world's best to Pakistan.

World-class education should not be limited by geography or by the ability to travel across the globe. We strive to bring internationally renowned surgeons, physicians, injectors, and educators to Pakistan, giving our medical community the opportunity to learn from the very best — here at home.

Through live surgery, live demonstrations, scientific exchange, and hands-on learning, we aim to make the highest standards of international aesthetic education accessible to our doctors.

For us, AASP is more than a conference. It is an act of service — a way of giving back to our medical community, raising standards, sharing knowledge, and creating opportunities for the next generation.

We bring the world to Pakistan, so Pakistan can learn from the world.

Dr. Fahad Mirza
Conference Secretary, AASP 2026

OUR VISION

To establish Pakistan as a global hub for innovation and excellence in aesthetic surgery and anti-aging medicine by fostering collaboration, advancing education, and inspiring the next generation of practitioners through world-class conferences and knowledge exchange.

Sercan Göde

Professor of Otorhinolaryngology
Specialist in Rhinoplasty &
Endoscopic Endonasal Surgery

Prof. Dr. Sercan Göde is a Professor in the Department of Otorhinolaryngology at Ege University School of Medicine, Izmir, Turkey. He is internationally recognized for his expertise in rhinoplasty, closed revision rhinoplasty, and combined facial and endoscopic endonasal surgery.

Dr. Göde employs advanced closed techniques in rhinoplasty, with a strong reputation for precision in both primary and revision procedures. His clinical practice spans Ege University Hospital and a private health hospital in Izmir, where he treats a wide range of ENT conditions, including ear, nose, and throat diseases, oculoplasty, ear pain, and hearing disorders.

A dedicated academic, Dr. Göde has authored numerous articles and book chapters, and serves as editor and contributor for respected medical publications. He is a frequent speaker at national and international conferences and is an active member of the Turkish Otorhinolaryngology Head and Neck Surgery Association, the European Rhinology Society, and the Facial Plastic Surgery Association.

Spain

Alexandar Aslani

Consultant Plastic, Reconstructive &
Aesthetic Surgeon
Specialist in Deep Plane
Endoscopic Facelifting

Dr. Kul graduated from Istanbul University Cerrahpaşa Faculty of Medicine in 1999 and completed his specialization in Aesthetic, Plastic, and Reconstructive Surgery at Vakıf Gureba Training and Research Hospital in 2006. His early research on regenerative medicine continues to inform his advanced, stem cell-supported techniques.

He trained internationally in breast aesthetic surgery and facial rejuvenation with Dr. Cesar Arrunategui in Brazil. In 2009, he founded his private clinic in Istanbul, now a leading center for aesthetic and reconstructive surgery known for natural, long-lasting results.

Dr. Kul is a recognized authority in deep plane endoscopic facelifting. He leads the Deep Plane Face Lift Anatomy Course and authored the forthcoming book Endoscopic Deep Plane Facelift. His research on transtemporal endoscopic deep plane facelifting was published in Plast Reconstr Surg Glob Open (Jan 2025).

In breast aesthetic surgery, he regularly presents specialized techniques including endoscopic axillary breast augmentation and protected breast augmentation at international scientific meetings. Beyond clinical practice, he is dedicated to surgical education, organizing international training programs and live surgery courses to mentor colleagues worldwide.

- Turkish Association of Plastic, Reconstructive and Aesthetic Surgery
- Turkish Association of Aesthetic Plastic Surgery
- International Society of Aesthetic Plastic Surgery (ISAPS)
- Confederation of International Plastic Surgery Societies (ICOPLAST)

Turkey

Alpaslan Yildirim

**Consultant ENT Surgeon
Specialist in Cosmetic &
Functional Rhinoplasty**

Consultant ENT Surgeon | Specialist in Cosmetic & Functional Rhinoplasty
Dr. Alpaslan Yildirim has performed approximately 20,000 surgeries since his residency, with a primary focus on cosmetic and functional rhinoplasty. He is recognized for his expertise in achieving both aesthetic outcomes and functional improvement, and continues to advance his work through ongoing clinical research in the field.

His surgical expertise also extends to prominent ear surgery (otoplasty) and middle ear surgery, as well as endoscopic sinus surgery, functional nasal surgery for nasal obstruction, and the treatment of snoring and sleep apnea. Committed to staying at the forefront of the field, Dr. Yildirim regularly attends national and international medical congresses to keep up with the latest advancements and share knowledge with the global medical community. He approaches plastic surgery with an idealist, patient-centered philosophy.

Memberships

- Turkish Association of Otorhinolaryngology-Head and Neck Surgery
- Association for Facial Plastic Surgery

UK

Raj Acquilla

**Consultant in Cosmetic
Dermatology
Global Key Opinion Leader
in Facial Aesthetics**

Dr. Raj Acquilla graduated from Manchester University Medical School in 1999 and has spent Over 12 years of his medical career have been dedicated exclusively to cosmetic dermatology, with more than 25,000 procedures performed. He is recognized internationally for his expertise in non-surgical facial rejuvenation, facial contouring, dermatological surgery, and facial skin cancer.

Dr. Acquilla runs private clinics in Cheshire, London, and Ibiza, and directs the Facial Aesthetic Academy as a Masterclass Trainer. He teaches advanced injectable techniques globally and is a sought-after speaker at major conferences across Europe, the Middle East, Asia-Pacific, Australia, the Americas, and Africa.

Recognized worldwide as one of the most influential voices in aesthetic medicine, Dr. Acquilla combines scientific expertise with artistic precision. He is a global ambassador for leading brands in cosmetic and facial aesthetics, reflecting his reputation as a pre-eminent practitioner in the field. His work focuses on delivering natural, powerful results that set new standards in non-surgical facial transformation. Beyond clinical practice, Dr. Acquilla is actively involved in research and development of pioneering techniques and products, advancing both the science and art of medical facial aesthetics. He also contributes to undergraduate and postgraduate clinical education.

Memberships

- Regional Chair, British College of Aesthetic Medicine (BCAM)
- UK Ambassador for Facial Aesthetics, Allergan Aesthetics
- Faculty Member, European College of Aesthetic Medicine & Surgery
- Honorary Fellow, Australasian College of Cosmetic Surgery (ACCS)

Serdar Eren

**Consultant Plastic Surgeon
Aesthetic & Reconstructive
Surgery**

Dr. Serdar Eren is a highly experienced plastic surgeon with over 30 years of practice dedicated to helping patients achieve their aesthetic goals. He is known for his precise, innovative surgical techniques and his use of state-of-the-art technology and advanced imaging systems.

His expertise covers a wide range of procedures, including breast augmentation, facelift, body contouring, and rhinoplasty. Dr. Eren has worked with numerous high-profile patients from the music and film industries, building a reputation for delivering natural, refined results.

Beyond clinical practice, Dr. Eren is a dedicated teacher and mentor to other plastic surgeons. He integrates an artistic and psychological perspective into his approach, examining patient care through both surgical and psychoanalytic lenses to ensure the best possible outcomes.

Dr. Eren is an active member of several national and international surgical societies, including the Turkish Society of Aesthetic Plastic Surgery and the International Society of Aesthetic Plastic Surgery.

**Dr. Sameer
Ghoraba**

**The Undetectable
Facelift Expert**

Dr. Samir Ghoraba is a board-certified Plastic and Reconstructive Surgeon with over 12 years of clinical experience. He has performed more than 10,000 procedures, including 300+ complex microvascular reconstructions, 2,800 rhinoplasties, 800+ deep plane facelifts, 3,000 body contouring cases, and 2,700 breast surgeries. He has also authored 6 international publications and actively contributes to research across multiple fields of plastic surgery.

In recognition of his contributions, Dr. Ghoraba received the Award of Excellence from Tanta University Council in 2017 as the youngest plastic surgeon to pioneer microsurgical reconstruction. In 2021, he was named Ideal Doctor in Egypt by the Egyptian Medical Syndicate.

Fellowships & Memberships

International Society of Aesthetic Plastic Surgery (ISAPS)

AO CMF Craniomaxillofacial - Active Member & Former Fellow

Egyptian Society of Plastic and Reconstructive Surgery (ESPRS) - Active Member

Egyptian Society for Surgery of the Hand and Microsurgery (ESSHM) - Active Member

QATAR

**Dr. Nusrat
Fazal**

**Cosmetic
Gynecologist, Qatar
Course Faculty**

Dr. Nusrat Fazal is a highly accomplished obstetrician and gynecologist based in Doha, Qatar, with a career spanning over 27 years dedicated to advancing women's health. She earned her MBBS from Khyber Medical College, Peshawar in 1997 and holds esteemed qualifications, including MRCOG (2004), CCT from London (2012), and FRCOG (2019) from the Royal College of Obstetricians and Gynecologists in the UK, along with an MCPS from the College of Physicians and Surgeons Pakistan (2003). Dr. Fazal specializes in high-risk obstetrics and feto-maternal medicine, obstetric scanning, emergency gynecology, as well as aesthetic and functional gynecology. Her career includes service in leading medical institutions across the UK, Pakistan, and Qatar, where she has consistently prioritized improving patient care, clinical efficiency, and health outcomes. She has received numerous accolades, including the Staff Excellence Award for Innovation in Practice and the Best Quality Improvement Project Award at the Bristol Patient Safety Conference in 2018. She was also nominated for the Patient Choice Award for Clinical Excellence and won the Best Oral Presentation Award at the 14th International Scientific Conference of SOGP Pakistan in 2012. Dr. Fazal is proficient in performing complex obstetric and gynecological procedures, including caesarean sections, laparoscopic surgeries, hysterectomies, and aesthetic treatments such as PRP, mesotherapy, Botox, and fillers. Her expertise, patient-centered approach, and dedication to clinical excellence make her a leading figure in the field of women's health.

Turkey

Zekeriya Kul

**Consultant Plastic, Reconstructive
& Aesthetic Surgeon
Specialist in Deep Plane
Endoscopic Facelifting**

Dr. Kul graduated from Istanbul University Cerrahpaşa Faculty of Medicine in 1999 and completed his specialization in Aesthetic, Plastic, and Reconstructive Surgery at Vakıf Gureba Training and Research Hospital in 2006. His early research on regenerative medicine continues to inform his advanced, stem cell-supported techniques.

MD, MRCGP (CCT), and
Diploma of the Faculty of
Sexual & Reproductive
Health.

Dr Farzana Khan qualified as an MD from the University of Copenhagen in 2003 and has worked across dermatology and obstetrics & gynaecology in the North of England. Her work focuses on vaginal health, dryness/GSM, sexual function concerns, lichen sclerosus, and comfort or volume changes, with a careful emphasis on clear explanations, conservative first-line options, and shared decision-making.

Alongside her medical and community gynaecology background, she has continued advanced training in women's intimate health, regenerative treatments, PRP, polynucleotides, and selected aesthetic procedures. She also trains clinicians as a KOL/Trainer with Neauvia, Asclepion Laser, and RegenLab.

Her approach is simple: careful assessment, realistic expectations, balanced counselling on benefits and limits, and a treatment plan that matches the woman in front of her rather than a one-size-fits-all pathway.

GP |
Regenerative & Longevity
Medicine Specialist
| London

Dr. Mahmoud Elkhoully is a qualified GP with advanced expertise in Regenerative Medicine, Longevity Medicine, and Precision Health. His focus is helping patients feel revitalized, age gracefully, and optimize long-term health through personalized, preventative, evidence-based care.

Areas of Expertise:

- Functional Medicine
- Longevity & Precision Medicine
- Non-Surgical Aesthetics & Regenerative Procedures

Credentials:

- Advanced Training in Longevity Medicine
- Postgraduate Certificate in Medical Education, Queen Mary University of London
- Qualified GP, NHS London
- Regenerative & Longevity Medicine Specialist, The Ghanem Clinic, London

Azerbaijan

**Dr. Cavid
Cabbarzade**

European Board Dual
Certified Facial Plastic/ENT

In 2009, he ranked second among international candidates in the Turkish Medical Specialty Examination (TUS) and was admitted to the prestigious Ear, Nose and Throat Diseases and Head & Neck Surgery residency program at Hacettepe University, Türkiye. He completed his specialist training in 2014.

His scientific work has been published in leading medical journals in the United States and Europe. In 2018, he organized Baku Rhinoplasty Days, the first international rhinoplasty meeting in Azerbaijan's medical history.

He is the first surgeon from Azerbaijan to be BOARD-certified by the European Facial Plastic Surgery Academy. An internationally recognized rhinoplasty specialist, he regularly lectures at conferences across the United States, Europe, and other countries, sharing his expertise in rhinoplasty, facial plastic surgery, and head and neck surgery.

He is also the co-founder and Chairman of the Azerbaijan Society of Rhinoplasty Surgeons, where he continues to promote excellence in education, research, and innovation in rhinoplasty and facial plastic surgery.

**Dr. Yusra
Al-Mukhtar**

Cosmetic Dentist

Dr. Yusra Al-Mukhtar is a renowned cosmetic dental surgeon and medical aesthetic clinician, best known for her premium clinics in London (Harley Street), Liverpool, and Manchester. She specializes in non-surgical facial harmonization, including non-surgical rhinoplasty and corrective aesthetics.

Dr. Yusra holds degrees with honours and distinction from King's College London and Imperial College London. She is a Level 7 Trainer in medical aesthetics and focuses on a holistic, anatomy-led approach to give natural-looking, refreshed results rather than an overdone look.

Turkey

Suleyman tas

Plastic Surgeon

Prof. Dr. Süleyman Taş is a world-renowned Aesthetic and Plastic Surgeon with 15 years of experience and over 10,000 successful plastic surgery operations.

A true pioneer, he has been selected as the 'National Delegate' representing Türkiye by the European Plastic Surgery Research Council.

Prof. Taş is the author of "Rhinoplasty in Practice: An Algorithmic Approach to Modern Surgical Techniques" – a globally recognized book designed to help surgeons master refined rhinoplasty at any experience level. He is also the inventor of self-developed rhinoplasty surgical instruments.

With 50+ national and international publications, 100+ international medical lectures, 5+ patents, and 5+ awards including Best Plastic Surgeon, Prof. Taş is at the forefront of surgical innovation and education.

UK

Sherif Wakil

**Cosmetic, Functional &
Sexual Regenerative
Medicine Expert**

Cosmetic, Functional & Sexual Regenerative Medicine Expert
President, IAAGSW | Founder & Medical Director, Dr SW Clinics | Harley Street, London

Dr. Sherif Wakil is a globally recognised authority in cosmetic, functional, and sexual regenerative medicine with over two decades of clinical experience.

He is the Founder and Medical Director of Dr SW Clinics on London's prestigious Harley Street, and serves as President of the International Association of Aesthetic Gynaecology and Sexual Wellbeing (IAAGSW).

A Fellow of the International College of Surgeons (FICS), Dr. Wakil is also a member of the GMC, BCAM, BACS, and CMA. Having performed over 30,000 procedures, he is widely credited as the first physician to introduce pioneering sexual rejuvenation treatments such as the P-Shot®, O-Shot®, and Vampire Breast Lift® to the UK and Europe.

As a Master Trainer for these procedures across Europe and the Middle East, he has trained hundreds of clinicians in regenerative therapies involving PRP, plasma, and cellular techniques.

Dr. Wakil integrates functional medicine principles into his practice, focusing on hormonal balance, sexual wellness, and intimate health. He is the founder of the globally trademarked O Concept™ – a comprehensive protocol for treating sexual dysfunction and enhancing intimate wellness. This innovation has earned him multiple international awards and is now adopted by leading practitioners worldwide.

An internationally sought-after speaker, educator, and thought leader, Dr. Wakil is committed to advancing the fields of aesthetic, functional, and sexual regenerative medicine through training and clinical excellence.

Poland

**Dr. Malgorzata
Uchman-Musielak**

**Cosmetic & Sexual
Regenerative Expert**

Dr. Malgorzata Uchman-Musielak is a passionate Gynecologist with a special focus on Feminine Genital Cosmetic Surgery. Her practice is grounded in scientific evidence, ensuring optimal and long-lasting results for her patients.

She is the author of the world's first book on "Aesthetic Gynecology" - published in Polish.

Based in Warsaw, Dr. Uchman-Musielak is recognized as a leader in Cosmetic Gynecology in Poland. She was the first to introduce Vaginal Narrowing procedures and Filler injections in Gynecology in her country. She is a regular speaker at national and international aesthetic gynecology meetings.

Dr. Uchman-Musielak is actively involved in international research programs and publications.

She is a member of The Polish Society of Aesthetic and Reconstructive Gynecology and The Polish Society of Aesthetic Medicine and Anti-Aging.

AASP 2026

3-DAY SCIENTIFIC PROGRAM

SPONSOR & PARTNER EDITION

NOVEMBER 6-8, 2026 • KARACHI, PAKISTAN

Intimate Aesthetics & Functional Treatments

Facial Aesthetics • Metabolic & Regenerative Aesthetics Complication Management

LIVE MASTERCLASSES • LIVE INJECTIONS • LIVE PROCEDURES

DAY 1 - NOVEMBER 6

MALE & FEMALE INTIMATE AESTHETICS & FUNCTIONAL TREATMENTS

Surgical • Non-Surgical • Regenerative • Functional

A dedicated full-day multidisciplinary program focused on aesthetic enhancement, restoration and improved function in male and female intimate health.

SESSION 1

ASSESSMENT, ANATOMY & THE MODERN INTIMATE AESTHETICS PATIENT

09:00-09:15

OPENING - Intimate Aesthetics Beyond Appearance

The evolution from cosmetic enhancement to a comprehensive approach integrating aesthetics, sexual health, comfort and function.

09:15-09:35

Patient Assessment, Anatomy & Treatment Planning

09:35-09:55

Female Intimate Aesthetics: Aesthetic Concerns, Functional Symptoms & Patient Selection

09:55-10:15

Male Intimate Aesthetics: Aesthetic Enhancement, Function & Patient Selection

10:15-10:30

PANEL - Aesthetics, Function & Realistic Expectations

SESSION 2 FEMALE INTIMATE AESTHETICS & FUNCTIONAL RESTORATION

11:00 – 11:25

Non-Surgical Female Intimate Aesthetics

Injectable, regenerative and energy-based approaches for aesthetic enhancement, tissue quality and functional improvement.

11:25 – 11:50

Surgical Female Intimate Aesthetics

Contemporary surgical approaches, indications, patient selection and functional considerations.

11:50 – 12:10

Regenerative & Energy-Based Treatments: Evidence, Indications & Limitations

12:10 – 13:10

LIVE SURGICAL / NON-SURGICAL MASTERCLASS — FEMALE INTIMATE AESTHETICS & FUNCTION

Faculty-led assessment and procedure demonstration with emphasis on anatomy, technique, safety and functional outcomes.

13:10 – 14:00

LUNCH

SESSION 3 MALE INTIMATE AESTHETICS & FUNCTIONAL TREATMENTS

14:00 – 14:25

Intimate Aesthetics: Contemporary Non-Surgical Approaches

14:25 – 14:50

Improving Function: Where Aesthetic Medicine, Regenerative Treatments & Sexual Health Meet

14:50 – 15:15

Surgical Options in Male Intimate Aesthetics: Indications, Safety & Expectations

15:15 – 16:15

LIVE PROCEDURE MASTERCLASS — MALE INTIMATE AESTHETICS & FUNCTIONAL TREATMENTS

Patient assessment, procedural planning, technique and safety.

16:15 – 16:30

COFFEE BREAK

SESSION 4
COMBINATION TREATMENTS, SAFETY & THE FUTURE

16:30 – 16:55

Combination Surgical + Non-Surgical Strategies

16:55 – 17:20

Complications, Consent, Ethics & Safety in Intimate Aesthetics

17:20 – 17:45

Sexual Health & Functional Restoration: Building a Multidisciplinary Practice

17:45 – 18:15

INTERNATIONAL FACULTY PANEL — From Aesthetic Enhancement to Improved Function

18:15 – 18:30

DAY 1 TAKE-HOME MESSAGES

DAY 2 — NOVEMBER 7
FACIAL BEAUTIFICATION • FILLERS
• BOTULINUM TOXIN

09:00 – 09:15

OPENING - The Changing Face of Aesthetic Medicine

Medicine From correction of individual lines to full-face beautification, preservation and regenerative aesthetics.

SESSION 5
THE ART OF FACIAL ASSESSMENT

09:15 – 09:35

Beauty by Proportion: Understanding the Face Before Treating It

Facial proportions, skeletal framework, soft-tissue distribution and identifying the true treatment priority.

09:35 – 09:55

The Aging Face: What Are We Actually Treating?

Bone • Fat • Ligaments • Muscle • Skin

09:55 – 10:15

Full-Face Beautification: Creating Harmony Without Changing Identity

10:15 – 10:30

PANEL DISCUSSION — Treat the Patient, Not the Syringe

10:30 – 11:00

COFFEE BREAK

11:00 – 12:00

LIVE INJECTION MASTERCLASS — THE FULL-FACE CONSULTATION & BEAUTIFICATION

Facial analysis • Treatment prioritisation • Product selection • Injection sequencing • Midface support • Chin & jawline • Strategic refinement

SESSION 6 ADVANCED DERMAL FILLERS

12:00–12:20

Beyond Volume: Strategic Filler Placement for Facial Contouring

12:20–12:40

Midface & Tear Trough: Anatomy, Patient Selection & Avoiding Complications

12:40–13:00

CHIN & JAWLINE CONTOURING: CREATING PROFILE & LOWER-FACE HARMONY

Chin projection • Jawline definition • Lower-face proportions • Patient selection • Product choice • Injection planes • Masculinisation vs feminisation • Safety

13:00–13:30

LIVE — INJECTION MASTERCLASS — CHIN & JAWLINE SCULPTING

30-minute live patient demonstration: facial assessment → profile analysis → chin projection & shape → jawline definition → lower-face balancing → product selection • precision injection • natural contouring • safety

13:30–14:15 LUNCH

14:15–15:15

LIVE — INJECTION MASTERCLASS — ADVANCED FILLER TECHNIQUES

Temple • Midface • Tear trough • CHIN & JAWLINE CONTOURING • Facial profile balancing | Needle vs cannula • Entry points • Injection planes • Product rheology • Volumes • Safety

SESSION 7 NON-SURGICAL RHINOPLASTY & LIP BEAUTIFICATION

15:15–15:35

THE ART & SCIENCE OF NON-SURGICAL RHINOPLASTY — Fahad Mirza

Facial harmony • Patient selection • Profile analysis • Dorsal contour • Radix • Tip • Projection • Safety

15:35–16:05

LIVE — INJECTION MASTERCLASS — NON-SURGICAL RHINOPLASTY

30-minute live patient demonstration: assessment → treatment planning → marking → dorsal & radix refinement → tip definition, rotation & projection → final profile balancing • Vascular anatomy & safety

16:05–16:25

THE ART OF LIP BEAUTIFICATION — SHAPE, PROPORTION & HARMONY

Lip anatomy • Beauty proportions • Cupid's bow • Vermilion definition • Projection • Upper-to-lower lip balance • Perioral harmony • Product selection • Avoiding the overfilled lip

16:25–16:55

LIVE — INJECTION MASTERCLASS — SIGNATURE LIP BEAUTIFICATION

30-minute live patient demonstration: facial & lip assessment → bespoke treatment plan → marking → product selection → precision injection → shape, definition & projection → final refinement • Natural movement • Safety

**SESSION 8
ADVANCED BOTULINUM TOXIN**

16:50 – 17:10

Beyond Three Areas: Full-Face Botulinum Toxin

17:10 – 17:30

The Lower Face & Neck

DAO • Mentalis • Masseter • Platysma • Jawline

17:30 – 17:50

Advanced Brow Shaping: Creating Balance Without the “Frozen” Look

17:50 – 18:50

LIVE INJECTION MASTERCLASS — FULL-FACE BOTULINUM TOXIN & MICROTOX

Upper Face → Lower Face → Jawline → Neck | Dose, placement, muscular balance, sex-specific treatment and individualisation.

18:50 – 19:00

DAY 2 TAKE-HOME MESSAGES

DAY 3 — NOVEMBER 8

**METABOLIC AESTHETICS • BIOSTIMULATION
• REGENERATIVE MEDICINE
• THREADS • COMPLICATION MANAGEMENT**

**SESSION 9
METABOLIC AESTHETICS**

09:00 – 09:30

STATE-OF-THE-ART LECTURE — GLP-1 & GIP-BASED THERAPIES

Weight-loss outcomes • Patient selection • Safety • Lean-mass preservation • GLP-1 face • Skin laxity • Integration with facial and body aesthetics

09:30 – 10:00

**EXPERT PANEL — THE WEIGHT-LOSS REVOLUTION:
WHAT DOES IT MEAN FOR AESTHETIC MEDICINE?**

10:00 – 10:30

COFFEE BREAK

SESSION 10
THE ERA OF BIOSTIMULATION

10:30 – 10:55

From Filling to Regenerating: The Changing Philosophy of Injectable Aesthetics

10:55 – 11:20

PLLA: The Science & Art of Collagen Biostimulation

11:20 – 11:45

Calcium Hydroxyapatite: From Structural Support to Hyperdilute Biostimulation

11:45 – 12:05

PLLA vs CaHA vs HA: Which Patient Gets What?

12:05 – 13:05

LIVE INJECTION MASTERCLASS — FACIAL BIOSTIMULATION: PLLA & CaHA

13:05 – 14:00

LUNCH

SESSION 11
REGENERATIVE AESTHETICS: POLYNUCLEOTIDES & EXOSOMES

14:00 – 14:20

Polynucleotides: The Science Behind Skin Regeneration

14:20 – 15:00

**LIVE INJECTION MASTERCLASS — POLYNUCLEOTIDES
LIVE PATIENT DEMONSTRATION**

Periorbital rejuvenation • Face & skin quality • Patient selection • Product selection • Injection technique • Depth & placement • Treatment protocols

15:00 – 15:20

Exosomes: The Science, Evidence & Clinical Applications

15:20 – 16:00

**LIVE DEMONSTRATION — EXOSOMES & REGENERATIVE AESTHETICS
LIVE PATIENT TREATMENT**

Treatment protocols • Delivery techniques • Skin rejuvenation • Combination treatments • Patient selection • Practical clinical integration

16:00 – 16:20

REGENERATIVE AESTHETICS PANEL

Polynucleotides • Exosomes • Combination protocols • What works, what doesn't & where the evidence is heading

16:20 – 16:35

COFFEE BREAK

SESSION 12 THREAD LIFTING

16:35 – 16:55

Thread Lifting in 2026: Where Does It Really Fit?

16:55 – 17:15

Patient Selection, Vectors, Anatomy & Fixation PDO • PLLA • Aptos threads

17:15 – 18:00

LIVE PROCEDURE MASTERCLASS

Midface • Jowls • Jawline ± Neck

SESSION 13

WHEN THINGS GO WRONG: AESTHETIC COMPLICATION MANAGEMENT

Recognise Early • Act Fast • Treat Safely

18:30 – 18:50

Filler Complications: Recognition, Prevention & Management

Vascular occlusion • Ischemia • Infection • Nodules • Delayed inflammatory reactions
• Prevention strategies

18:50 – 19:10

Hyaluronidase: When, Where & How Much?

Emergency protocols • Elective dissolution • Dosing principles • Practical treatment strategies

19:10 – 20:10

CLARIUS ULTRASOUND LIVE MASTERCLASS

60-MINUTE LIVE ULTRASOUND & FILLER DISSOLUTION DEMONSTRATION

PART 1 — LIVE FACIAL ULTRASOUND DEMONSTRATION

Facial ultrasound anatomy • Identifying vessels • Understanding tissue planes • Mapping high-risk areas
• Locating previously injected filler • Differentiating filler from surrounding tissues • Incorporating ultrasound into everyday aesthetic practice

PART 2 — □ LIVE ULTRASOUND-GUIDED FILLER DISSOLVING

Live patient assessment → Ultrasound identification of filler → Vascular mapping → Precise localisation
→ Targeted hyaluronidase injection under ultrasound guidance → Real-time assessment of treatment

20:10 – 20:30

INTERACTIVE COMPLICATIONS PANEL — “WHAT WOULD YOU DO?”

Real-world cases discussed by international faculty: Diagnosis → Immediate Management →
Rescue → Follow-up → Prevention

AASP 2026

SURGICAL SCIENTIFIC PROGRAM

Sponsor Edition | 3 Days of Advanced Aesthetic Surgery

PROGRAM AT A GLANCE

- Rhinoplasty - primary, difficult and extreme revision surgery
- Endoscopic facial rejuvenation - facelift, browlift, midface and deep neck techniques
- Breast surgery - mastopexy and advanced mammoplasty concepts
- Body contouring - high-volume contouring and gluteal surgery
- Parallel live surgery with multiple operating rooms and focused masterclasses

Designed for clear sponsor visibility: lectures and live surgery are separated into dedicated program blocks.

AASP 2026 | DAY 1

RHINOPLASTY: FROM PRIMARY TO EXTREME REVISION

Scientific Lectures • Faculty Discussions • Live Operating Theatre Demonstrations

SCIENTIFIC LECTURES & FACULTY DISCUSSION

09:00-09:20 - Overresected and Short Nose Correction
Alpaslan Yildirim

09:20-09:40 - Endoscopic Deep Plane Facelift
Zekeriya Kul

09:40-10:00 - The Importance of Subperiosteal Vertical Midface Lifting in My Facelift Concept
Serdar Eren

10:00-10:15 - Faculty Discussion: Different Approaches to the Difficult Face & Nose
Alpaslan Yildirim • Zekeriya Kul • Serdar Eren

LIVE SURGERY PROGRAM - MORNING

10:15-12:30 LIVE SURGERY | Live transmission with switching between ORs
MASTERCLASS: Body Contouring Masterclass - Alexander Aslani

OR 1 • Sercan Göde - Extreme Revision Rhinoplasty

OR 2 • Cavid Cabbarzade - Rhinoplasty

SCIENTIFIC LECTURES - AFTERNOON

13:30-13:50 - Extreme Revision Rhinoplasty
Sercan Göde

13:50-14:10 - Extraordinary Soft-Tissue Manoeuvres in Rhinoplasty
Cavid Cabbarzade

14:10-14:30 - Mammoplasty Using the Central Pedicle for Different Breast Problems
Serdar Eren

14:30-14:45 - Extreme Revision Rhinoplasty: What Makes the Difference?
Sercan Göde • Cavid Cabbarzade

LIVE SURGERY PROGRAM - AFTERNOON

14:45-17:00 LIVE SURGERY | Live transmission with switching between ORs

OR 1 • Alpaslan Yildirim - Primary Rhinoplasty

OR 2 • Zekeriya Kul - Endoscopic Facelift

OR 3 • Dr Suleman Tas - Endoscopic Live Surgery

AASP 2026 | DAY 2

DIFFICULT RHINOPLASTY, FACE & BODY

Scientific Lectures • Faculty Discussions • Live Operating Theatre Demonstrations

SCIENTIFIC LECTURES & FACULTY DISCUSSION

09:00-09:20 - Costal Cartilage for Revision Rhinoplasty
Sercan Göde

09:20-09:40 - Composite Graft & Rim Graft Use in the Complicated Nose
Alpaslan Yildirim

09:40-10:00 - Skin Tensioning in Rhinoplasty
Cavid Cabbarzade

10:00-10:15 - The Difficult Revision Nose - Three Surgeons, Three Solutions
• Sercan Göde • Alpaslan Yildirim • Cavid Cabbarzade

LIVE SURGERY PROGRAM - MORNING

10:15-12:30 LIVE SURGERY | Live transmission with switching between ORs
MASTERCLASS: Endoscopic Facial Rejuvenation Masterclass - Zekeriya Kul

OR 1 • Serdar Eren - Breast Lift

OR 2 • Alexander Aslani - Body Contouring

12:30-13:30 LUNCH & INDUSTRY NETWORKING

SCIENTIFIC LECTURES - AFTERNOON

13:30-13:50 - Endoscopic Browlift
Zekeriya Kul

13:50-14:10 - Endoscope-Assisted Deep Necklift
Zekeriya Kul

14:10-14:30 - High-Volume Outpatient Body Contouring: Safety & Outcomes
Alexander Aslani

14:30-14:45 - Rhinoplasty Technical Case Discussion
Cavid Cabbarzade

LIVE SURGERY PROGRAM - AFTERNOON

14:45-17:00 LIVE SURGERY | Live transmission with switching between ORs

OR 1 • Sercan Göde - Extreme Revision Rhinoplasty

OR 2 • Alpaslan Yildirim - Secondary Rhinoplasty

AASP 2026 | DAY 3

ADVANCED RHINOPLASTY, FACE & BODY

Scientific Lectures • Faculty Discussions • Live Operating Theatre Demonstrations

SCIENTIFIC LECTURES & FACULTY DISCUSSION

09:00-09:20 - What I Revised in Ethnic Rhinoplasty Over the Years
Alpaslan Yildirim

09:20-09:40 - One Rhinoplasty Per Day: Reducing Revision Rates Through Patient Selection & Surgical Strategy
Cavid Cabbarzade

09:40-10:00 - The Gluteal Implant Paradox: What 2,000 Cases Teach Us
Alexander Aslani

10:00-10:15 Revision, Prevention & Patient Selection - What Have We Learned?
• Sercan Göde • Alpaslan Yildirim • Cavid Cabbarzade

LIVE SURGERY PROGRAM - MORNING

10:15-12:30 LIVE SURGERY | Live transmission with switching between ORs
MASTERCLASS: Rhinoplasty Masterclass: The Difficult & Revision Nose
• Sercan Göde • Alpaslan Yildirim • Cavid Cabbarzade

OR 1 • Zekeriya Kul - Endoscopic Facelift

OR 2 • Serdar Eren - Midface Lift

SCIENTIFIC LECTURES - AFTERNOON

13:30-13:50 - Endoscopic Facial Rejuvenation: Surgical Strategy

Zekeriya Kul

13:50-14:10 - Single-Stage Comprehensive Upper Body Lift - Three in One

Serdar Eren

14:10-14:30 - Extreme Revision Rhinoplasty: What Makes the Difference?

Sercan Göde

14:30-14:45 - The Future of Aesthetic Surgery - Safety, Innovation & Surgical Judgment

• Sercan Göde • Alpaslan Yildirim • Zekeriya Kul • Serdar Eren

LIVE SURGERY PROGRAM - AFTERNOON

14:45-17:00 LIVE SURGERY | Live transmission with switching between ORs

OR 1 • Cavid Cabbarzade - Rhinoplasty

OR 2 • Alexander Aslani - Body Contouring
